- All raw materials used in the production of our food products are sourced from **non-GMO** sources, and we ensure that no genetically modified crops, organisms, or ingredients are introduced into the manufacturing process.
- We require that our suppliers provide **certifications** and **statements** confirming that the ingredients and raw materials supplied to us are **non-GMO**.
- Our company adheres to **strict quality control procedures** to maintain the integrity of our non-GMO claim and ensure that no GMO contamination occurs during manufacturing, storage, or transportation.

### 2. Irradiation Declaration:

- We confirm that **no irradiation** is used in the processing, production, or packaging of any products manufactured by **MEF NUTRI SCIENCE GIDA A.Ş.**
- Our products and ingredients have not undergone any form of **irradiation treatment** during their production cycle, in accordance with food safety regulations.
- We ensure that any products or raw materials requiring irradiation are not included in our product range and are sourced only from certified suppliers that follow the applicable regulations and standards.

### 3. Supplier and Raw Material Assurance:

- We maintain ongoing communication with our **suppliers** to verify the integrity of the materials used in our products and ensure they comply with our **Non-GMO and Non-Irradiation** requirements.

- Documentation, including **Non-GMO certificates** and **Irradiation-free certifications**, is regularly requested from our suppliers as part of our **supplier verification process**.

#### **4. Compliance and Monitoring:**

- **MEF NUTRI SCIENCE GIDA A.Ş.** adheres to national and international regulations regarding GMO and irradiation usage in food products, ensuring that our manufacturing processes and product offerings comply with **relevant legislation** such as EU regulations, FDA guidelines, and other applicable food safety standards.
- Regular audits and quality checks are conducted to confirm that all products meet these **Non-GMO** and **Non-Irradiation** standards.
- In case of any changes in sourcing or processing, we continuously monitor and update our procedures to ensure compliance with these standards.

**Conclusion:** We hereby declare that all products manufactured and sold by **MEF NUTRI SCIENCE GIDA A.Ş.** are free from **genetically modified organisms (GMO)** and have not undergone **irradiation** during production or processing. This declaration is part of our commitment to providing **safe, high-quality**, and **natural** food products to our customers.
